

Online Access for Home Owners

Building your very own custom home is an exciting experience! There are a lot of important decisions you will need to make from the time you approve the initial drawings, to moving into your new home! We know how important every decision you make is, and how important it is that you can follow every aspect of the building process.

That's why we offer secure, online access to your own webpage with all the details of your new home! You will be able to track photos of the construction progress, view the build schedule, view and approve change orders and selections, as well as access important documents. From online warranty claims, to the online messaging system, you can easily communicate with our team 24/7, no matter if you are at home, work, or even on vacation!

Track Project Running Total

Keeping track of how much money you have spent on your new home is important. You can now easily view a categorized list so that you know exactly where each expense came from.

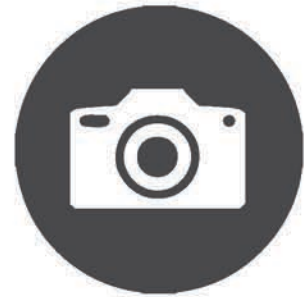

Updated Calendar

Detailed calendar that tracks current project status, upcoming events, and important dates. Keeping yourself informed of the construction schedule has never been so easy!

Share Your Photo Album

One of the most enjoyable parts of building a new home is sharing the progress with your friends and family. A customized photo album shows the progress of your home being built!

Easy Change Order Approval

No more driving to the builder's office, or finding a fax machine to approve that time critical change order request. With 24/7 web-based access, you can approve your change orders from anywhere.
